

This stand is suitable for:  
SIEG SX1, SX1L, SX1LP & SX2P machines.

Dimensions given as good indications, but  
subject to change without notice.

Final physical checks recommended before  
drilling fixing holes.

The stand may also be suitable for use with  
other machines. Some modification may be required.  
Please refer to these dimensions as guidance to  
the suitability for your application. Our assistance  
is limited to the information shown.
